### Responsibilities:

- Managed On-Prem → Azure IaaS migration projects
- Coordinated Build / Test / Production phases
- Ensured IT governance and security compliance
- Managed project schedules and technical deliverables (DAT/DEX)

### Key Achievements:

- Migrated SharePoint farm (10 servers) to Azure IaaS
- Implemented SAP BFC v10 (12 ESX servers)
- VMware virtualization & P2V migration (50 servers)
- Oracle Exadata migration
- Developed SharePoint intranet & migrated internet portal banquepopulaire.fr

### Technical Environment & Tools:

VMware ESXi/ vCenter, Azure, Windows Server 2016, SharePoint, Exchange, IIS, Apache, PHP, Active Directory, Oracle Exadata, Clarity, Confluence, ServiceNow

## IT Program Manager – Domino Messaging Migration

LVMH group 2010-2011

**Context:** Involved in a Move to Cloud project (On-Prem → IaaS), hosting messaging platforms for all LVMH entities in Orange Cloud

**Scope:** Move to Cloud (Orange IaaS) | Messaging Infrastructure

### Key Achievements:

- Deployed 40 Domino servers (including DR setup)
- Hosted messaging platforms for LVMH entities (DIOR, VUITTON, etc.) in Orange private cloud
- Coordinated with IBM / NetApp / Orange vendors
- Trained offshore support team in Egypt

**Environment :** *Hyper-V #Windows Server 2008 #NETAPP #DOMINO R5 servers, Quality center*

## Domino Messaging Architect

GENERALI Insurances group 2001-2009

**Context:** As part of GENERALI's acquisition of GPA, involved in IT reorganization projects covering Network, Systems, Messaging, and Groupware (IBM Domino solution)

### Key Achievements:

- Collaborated on the Euro conversion project for financial applications (DOMINO Workflow)
- Redesigned GPA's DOMINO architecture (headquarters and branches) for Token-Ring → Ethernet migration
- Migrated Domino server data to a NetApp NAS
- Standardized Domino architectures across the Generali Group following the GPA acquisition, including Fédération Continentale, Europe Assistance, and La France Vie
- Migrated Generali Group's Domino messaging to Exchange for 4,000 users
- Deployed new Domino baselines on workstations and Blackberry devices

## Domino Message & Groupware Architect

GUERBET Labs 2000

**Context:** Assessed the client's Domino environment as part of the interconnection of all Guerbet group messaging platforms across Europe; analyzed requirements and conducted feasibility study

### Key Achievements:

- Integrated Swiss and Turkish subsidiaries into Guerbet laboratory's Domino architecture
- Deployed a workflow at headquarters and subsidiaries
- Performed daily administration of Windows NT4, NetWare 4, and Domino R4 servers

## Domino Messaging & Groupware Administrator

Société Générale bank 1999-2000

- Y2K compliance project
- Domino & Windows NT4 administration

## Messaging & Systems Administrator

SCHERING-PLOUGH labs France - MEO & BIO MEYRIEUX 1995-1999

**Situation :** Within a full IT outsourcing engagement at the client site, managed the server and workstation infrastructure and actively participated in IT evolution projects

### Key Achievements:

- Migrated servers from OS/2 Lan Server → NetWare 4
- Administered servers: Windows NT 4, NetWare 4, OS/2 Lan Server, CCMail, Intel LANDesk suite

## IT Systems Administrator – Trading Desk

JP MORGAN bank – PARIBAS bank 1992-1995

**Context:** Server administration and user support

*#Netware v4 #OS/2 #MSMail #Lotus Notes*

## Education, Training Certifications

- **BTS** Industrial Computing IFTIM @NOISIEL 1989-1991
- **Certified :**
  - PRINCE2 Foundation 2021
  - SCRUM PSM & PSPO 2021 [Certification Badge](#)
- **Achievement Certificat :**
  - SAFe Agilist 2021
  - GCP Cloud
  - AWS Cloud Practitioner advanced
  - AZURE AZ900 - 70-533 ITIL V4
  - Microsoft 365
  - Sharepoint Online
  - Exchange Online

## Languages

- **TOEIC**
  - English : Level B2
  - German : Level A1
  - French : Native
